COSWHEEL T20

Features

- *Removable battery pack, easy for replacement and charging
- *20 inches big wheel size, suitable for most road situations
- *Extendable battery can reach maximum 100km(48v/20Ah)
- *Shock absorber in the front and back, ensuring comfortable riding experience
- *Big disc brake at both wheels ensure security in emergency

PRODUCTS PARAMETERS CONTRAST:

COLOR	   (OEM≥200)
Max distance	40km/60km/80km/100km(20km/h)
Top Speed	≥45km/h
Display Information	LCD display:Speed, Headlight,Fault code...
Vehicle Weight	About ≥32kg
Max load	120KG (Safe load≤120KG)
Size	Unfolded: 170X60X105cm
Tyre	20X4.0inches pneumatic tyre
Motor Parameters	≥500W brushless motor
Battery	48V(10Ah.15Ah.20Ah)
Charging Time	About 6- 12h
Braking Parameters	Double disc brake(Front and Back), 4 meters braking distance(Speed < 20km/h)

ADD FENDER/REAR SHELF

ACCEPT HIGHLY CUSTOMIZED
≥150units

COSWHEEL CT20

Features

- *20 inches wheel size, suitable for most road situations
- *Foldable, extendable battery can reach maximum 120km(48v/30Ah)
- *Shock absorber in the front . ensuring comfortable riding experience
- *Hydraulic disc brake at both wheels ensure security in emergency

PRODUCTS PARAMETERS CONTRAST:

COLOR	 (OEM≥100)
Max distance	50km/80km/100km/120km(20km/h)
Top Speed	45km/h
Display Information	LCD display:Speed, Headlight,Fault code...
Vehicle Weight	About 40kg
Max load	150KG (Safe load≤120KG)
Size	Unfolded: 176X56X110cm
Tyre	20X5.0 inches pneumatic tyre
Motor Parameters	750W brushless motor
Battery	48V/15Ah,20Ah,25Ah,30Ah
Charging Time	About 7- 12h
Braking Parameters	Double hydraulic disc brake(Front and Back), 4 meters braking distance(Speed < 20km/h)

COSWHEEL CT20S-UPGRADED MODEL

Features

- *20 inches wheel size, suitable for most road situations
- *Foldable, extendable battery can reach maximum 120km(48v/30Ah)
- *Shock absorber in the front and back, ensuring comfortable riding experience
- *Hydraulic disc brake at both wheels ensure security in emergency

COSWHEEL T26

Features

- *Removable battery pack, easy for replacement and charging
- *26 inches wheel size, suitable for most road situations
- *Extendable battery can reach maximum 300km(48v/25Ah)
- *Shock absorber in the front and back, ensuring comfortable riding experience
- *Hydraulic disc brake at both wheels ensure security in emergency

PRODUCTS PARAMETERS CONTRAST:

COLOR	 (OEM≥200)
Max distance	60km/80km/110km(20km/h)
Top Speed	≥45km/h
Display Information	LCD display:Speed, Headlight,Fault code...
Vehicle Weight	About ≥34kg
Max load	120KG (Safe load≤120KG)
Size	Unfolded: 170X60X105cm
Tyre	26inches pneumatic tyre
Motor Parameters	≥500W brushless motor
Battery	48V(15Ah.20Ah.25Ah)
Charging Time	About 7- 10h
Braking Parameters	Double hydraulic disc brake(Front and Back), 4 meters braking distance(Speed < 20km/h)

ACCEPT HIGHLY CUSTOMIZED
≥150units

COSWHEEL GT20

Features

- *20 inches wheel size, suitable for most road situations
- *Foldable, extendable battery can reach maximum 100km(48v/25Ah)
- *Shock absorber in the front . ensuring comfortable riding experience
- *Hydraulic disc brake at both wheels ensure security in emergency

PRODUCTS PARAMETERS CONTRAST:

COLOR	 (OEM≥200)
Max distance	60km/80km/100km(Testing speed in 20km/h)
Top Speed	≥45km/h
Display Information	LCD display:Speed, Headlight,Fault code...
Vehicle Weight	About ≥34kg
Max load	120KG (Safe load≤120KG)
Size	Unfolded: 173X70X110cm
Tyre	Road tires/city tires/ all terrain tires optional
Motor Parameters	≥750W brushless motor
Battery	48V(15Ah.20Ah.25Ah)
Charging Time	About 7- 10h
Braking Parameters	Double hydraulic disc brake(Front and Back), 4 meters braking distance(Speed < 20km/h)

COSWHEEL T24

Features

- *500W motor guarantees the power for riding demand
- *Foldable and portable, easy for traveling and storage
- *Shock absorber at rear wheels.
- *High capacity battery, maximum distance can reach 30- 70km

PRODUCTS PARAMETERS CONTRAST:

COLOR	 (OEM≥100)
Max distance	60km/80km/110km(20km/h)
Top Speed	45km/h
Display Information	LCD display:Speed, Battery...
Vehicle Weight	About31kg
Max load	120KG (Safe load≤100KG)
Carton size:	Unfolded: 188*68*115CM
Tyre	24x4.0inches pneumatic tyre
Motor Parameters	500W brushless motor
Battery	48V(15Ah,20Ah,25Ah)
Charging Time	About 6- 8h
Braking Parameters	Disc brake

COSWHEEL M20

Features

- *Removable battery pack, easy for replacement and charging
- *20 inches big wheel size, suitable for most road situations
- *Extendable battery can reach maximum 100km(48v/20Ah)
- *Shock absorber in the front and back, ensuring comfortable riding experience
- *Hydraulic disc brake at both wheels ensure security in emergency

COSWHEEL S1

Features

- *10 inches wheel size, suitable for most road situations
- *Foldable, extendable battery can reach maximum 100km(48v/20Ah)
- *Shock absorber in the front and back. ensuring comfortable riding experience
- *Big disc brake at both wheels ensure security in emergency

PRODUCTS PARAMETERS CONTRAST:

COLOR	 (OEM≥100)
Max distance	30km/45km/60km/75km
Top Speed	35km/h
Display Information	LCD display:Speed, Headlight,Fault code...
Vehicle Weight	About 18kg
Max load	120KG (Safe load≤100KG)
Size	Folded: 110X56X47cm Unfolded: 110X56X115cm
Tyre	10 inches pneumatic tyre
Motor Parameters	500W brushless motor
Battery	48V/8.0- 20Ah
Charging Time	About 4.5- 7h
Braking Parameters	Double disc brake(Front and Back), 4 meters braking distance(Speed < 20km/h)
